

ACKNOWLEDGEMENT OF NOTIFICATION
OF HAZARDOUS WASTE ACTIVITY
(VERIFICATION)

This is to acknowledge that you have filed a Notification of Hazardous Waste Activity for the installation located at the address shown in the box below to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Your EPA Identification Number for that installation appears in the box below. The EPA Identification Number must be included on all shipping manifests for transporting hazardous wastes; on all Annual Reports that generators of hazardous waste, and owners and operators of hazardous waste treatment, storage and disposal facilities must file with EPA; on all applications for a Federal Hazardous Waste Permit; and other hazardous waste management reports and documents required under Subtitle C of RCRA.

DIVISION OF AIR AND HAZARDOUS MATERIALS

Notice of Violation and Order and Fine

Truk-Away of R. I., Inc.
65 O'Keefe Lane
Warwick, RI 02888

Notice is hereby given that Truk-Away of R. I., Inc. its agents and employees (hereinafter "the Company") is and/or has been in violation of the Hazardous Waste Management Act of 1978, Chapter 23-19.1 of the Rhode Island General Laws (hereinafter "the Act") as amended and the regulations adopted pursuant thereto. The Director of the Rhode Island Department of Environmental Management has the authority to adopt regulations pursuant to R.I.G.L. Section 23-19.1-6 (a).

According to R.I.G.L. Section 23-19.1-15, 23-19.1-16, and 42-17.1-2, the Director, or his designee, has the authority to enforce the provisions of the Act and the regulations adopted pursuant thereto.

On 12 February 1987 personnel from the Department of Environmental Management (hereinafter "the Department") conducted an inspection of Stanley-Bostitch in East Greenwich in response to notification from Stanley-Bostitch that waste cyanide had been transported to the Central Landfill, Johnston for disposal. As a result of that inspection, it was determined that the Company is in violation of the following laws and regulations:

GENERAL LAWS OF RHODE ISLAND

RHODE ISLAND HAZARDOUS WASTE MANAGEMENT ACT OF 1978

The Hazardous Waste Management Act

23-19.1-7. MANIFEST REQUIRED

It shall be unlawful for any person to transport hazardous wastes, or

to receive hazardous waste from any person within the State of Rhode Island without a manifest prepared and maintained in conformity with such requirements as the Director by regulation may adopt.

23-19.1-10 PERMITS-ISSUANCE RENEWAL-REVOCATION-EXEMPTED ACTIVITIES

- (a) After the taking effect of rules and regulations required to be promulgated under this chapter, no person shall construct, substantially alter, or operate any hazardous waste management facility, nor shall any person store, transport, treat or dispose of any hazardous waste except as exempted by this section, without first obtaining a permit from the Director for such facility or activity, nor shall any person accept or deliver hazardous waste from or to any person who does not possess a permit from the Director for hazardous waste management without the prior approval of the Director provided, however, that this section shall not be construed to require permits for the generation of hazardous waste.

Rules and Regulations for Hazardous Waste Generation, Transportation
Treatment, Storage and Disposal

- 6.00 Transporters: These rules shall apply to all transporters of hazardous waste

6.01 Permit Requirements

- A. No person shall transport any hazardous wastes, including septage, in or on the land or waters of the state unless such person shall first have obtained a Hazardous Waste Transporter Permit from the Director. However, this rule shall not apply to the following activities:

1. The transportation of sewage sludge, except where the sludge fails EPA's characteristics for hazardous waste as

defined in Subpart C of 40 CFR 261, as is or as amended, being produced at publicly owned treatment works.

2. The use of non-permitted vehicles to collect and transport hazardous waste in emergency situations which present a threat to public health and safety. In the event of an emergency situation, the Department shall be immediately notified of each vehicle used for the cleanup and transportation of hazardous waste. After the notification, all collected hazardous waste must be disposed of in accordance with the Department's rules and regulations.
 3. The transportation of animal waste produced at farms.
 4. A transporter transporting household refuse unless he has cause to believe that the household refuse contains hazardous waste.
- B. An application fee of \$25.00 per vehicle shall be charged the hazardous waste transporter.
 - C. The hazardous waste transporter's permit will be issued for a period not to exceed one year.
 - D. The permit will be granted or renewed only for those hazardous waste vehicles which are listed on the permit application and which pass inspection by Department personnel.

6.04 Manifest Handling

- A. The transporter of hazardous waste shall not accept any hazardous waste, except sanitary septage or waste oil, unless the generator section of the manifest has been

completed by the generator. Transporters accepting waste oil only may use the waste oil manifest in lieu of the hazardous waste manifest.

- B. The transporter shall inspect the waste before accepting the waste to ensure the following:
 - 1. The number of containers match the number indicated in the generator section of the manifest.
 - 2. All containers are labelled as required by Rule 5.04.
 - 3. The total quantity of waste, as can be best estimated, matches the quantity indicated in the generator section of the manifest.
 - 4. That all containers appear sound and liquid tight.
- C. The transporter shall complete the transporter's section of the manifest, sign the manifest, and leave the manifest copies referenced in Rules 5.03D and 5.03E with the generator.
- D. The transporter shall keep the completed manifest, minus the copies referred to in Rules 5.03D and 5.03E, with the hazardous waste until received by the consignee.
- E. The transporter will upon receipt of the hazardous waste by the consignee, remove the transfer copy for his records and turn over the rest of the manifest to the consignee.
- F. Copy 5 of the manifest shall be kept by the transporter for a period of three years from the date of the receipt of that waste.
- G. The transporter shall submit to the Director the names and signatures of all company personnel who are allowed to sign manifests.

- H. The transporter must deliver the hazardous waste only to the facility designated on the manifest. If this is not possible, he must contact the generator for further instructions and revise the manifest in accordance with the generator's instructions.
- I. The transporter will obtain the date and signature of the facility operator at the time of transfer of the waste to the facility.

Specifically, the Company violated the above cited laws and regulations as follows (notations include any referenced laws and regulations):

- 1. The Company transported hazardous waste cyanide from Stanley Bostitch in East Greenwich without a manifest. (RIGL 23-19.1-7 Hazardous Waste Rule 6.04)
- 2. The Company transported hazardous waste cyanide from Stanley Bostitch in a non-permitted vehicle. (Hazardous Waste Rule 6.01)
- 3. The Company delivered hazardous waste cyanide to a non-permitted facility, i.e., Central Landfill, Johnston. (RIGL 23-19.1-10)

The Company is hereby ORDERED to:

- A. IMMEDIATELY cease all transportation of hazardous waste.
- B. Within forty-five (45) days of receipt of this Notice of Violation, institute procedures and practices to train personnel to prevent the possibility of knowingly or unknowingly transporting hazardous waste. Submit a copy of these plans to the Department for review within thirty (30) days of receipt.
- C. Submit compliance certifications for all of the above requirements to this Department, subject to the penalties under 23-19.1-18 (H), within ten (10) days of compliance.

D. Based on the severity of these violations, remit to the Department by 23 March 1987 an administrative penalty in the amount of ten thousand dollars (\$10,000.00) payable to the General Treasurer, State of Rhode Island, who shall deposit said monies in the Environmental Response Fund, established pursuant to R.I.G.L. 23-19.1-2.

Pursuant to Section 42-17.1-2 (u) and Chapter 42-35 of the General Laws of Rhode Island, 1956, (1977 Reenactment), as amended, the Company is entitled to request a hearing before the Director of Environmental Management or his designee within ten (10) days of receipt of this Notice of Violation and Order and Penalty to show cause why this finding of violation should not stand and why this Order and Penalty should not be enforced. If the Company fails to request a hearing within the aforesaid period of time, it is hereby notified that this Notice will automatically become a compliance order.

Failure or inability to comply with this Order and Penalty will result in the Director petitioning the Superior Court to prevent any further transportation of hazardous waste by the Company and/or to impose the civil and criminal penalties specified in R.I.G.L. Sections 23-19.1-17 and 23-19.1-18 of the aforementioned Hazardous Waste Management Act. Criminal penalties specify a maximum fine of \$10,000 per day and/or five (5) years imprisonment.
